

Miss Storjohann's Class News

Week of: April 24th

What's Happening in...

A Note from the Teacher

As part of building responsibility for third grade, the students and I have started a new program for homework. If all of the students have their log signed and reading and homework done, they will earn a letter in the word RECESS. When all letters are earned, they will get an extra recess. Please encourage students to take initiative to make sure their work is done.

Literacy: The students have been working on researching their chosen history maker for our biography project. This project's focus is "How did this person make a difference in their community or the world?" This matches our social studies curriculum about community leaders and being good citizens.

Math: Students learned about dividing and naming parts of shapes.

Writing: This week the students continued with our poetry unit by writing haikus and cinquain poems about summer, food, and animals.

Spring Testing: Testing began Monday and will continue the next two weeks with math facts and reading benchmarking.

Dates to remember

- Tuesday, May 2nd: Addition Timed Test
- Wednesday, May 3rd: Subtraction Timed Test
- Wednesday, May 3rd: Early Dismissal
- Friday, May 5th: Walk-a-thon
