

Miss Storzjohann's Class News

Week of: March 20th

What's Happening in...

A Note from the Teacher

Please remember to ask your child about their reading, math, and spelling homework each evening. Reading and homework logs should be signed by you indicating that your child has completed their assigned work.

On Monday, March 27th we will be starting our plant unit in science. The students will be growing grass and brassica plants. We will be talking about learning about plant parts and how to care for plants. If you garden at your house, encourage your second grader to help out!

Dates to remember

- Friday, March 24th: Hopewell Choir singing the National Anthem at the Quad Cities Mallards Game
- Friday, March 30th: Skating Party
- Wednesday, April 5th: Early Dismissal
- Tuesday, April 11th: Happy Joes Fundraiser
- Friday, April 14th: No School

We hit day 135 of second grade this week! There is not much time left until the kiddos are third graders ☺

Literacy: The students presented their French Cinderella plays and stories on Friday to conclude unit 4 of ELA. I will be sharing the finished products via email and the classroom website soon!

Math: Students concluded their learning of unit 7 with a test over measurement and estimating.

Spelling: Next week's pattern will be silent consonants. There are only 5 weeks of spelling left!

Writing: This week the students learned how to properly write a friendly letter. We discussed and practice the format of heading, greeting, body, closing, and signature. The kids wrote letters to me, each other, and our JA volunteer. We will continue writing letters next week.
